August 2016

## Rain, rain go away -

Spring is round the corner and it is time to think about getting out of the house, enjoying the fresh air, taking the dog for a walk or catching up with the friend down the road.

Some of you may be reviewing your transport options. Talk to one of our Dealer Partners or give us a call before you decide on any scooter purchase. Safety is paramount when considering a scooter purchase and many people are thinking that all scooters are equal. There are no ratings regulations or star assessments in the New Zealand market to help you negotiate your way in the mobility scooter market. Elite Scooters offers tips to consider if looking at a second hand scooter these same points apply to a new scooter. You can read the article on the web.

There are many videos available to show you the different types of scooter and the way they are used. This can help you to choose a scooter that is suited to your travel requirements.

[www.elitescooters.co.nz/video-library.html](http://www.elitescooters.co.nz/video-library.html). Safety, comfort and reliability are really important; cost is not only about the purchase price.

*The Breeze is gone all Afikim scooters are now branded with their new name*

***"Afiscooters"***
